

RAIL SYSTEM 4000[®]

Rail System 4000 Key Accessories

BY  **RAIL
ALIGNMENT**

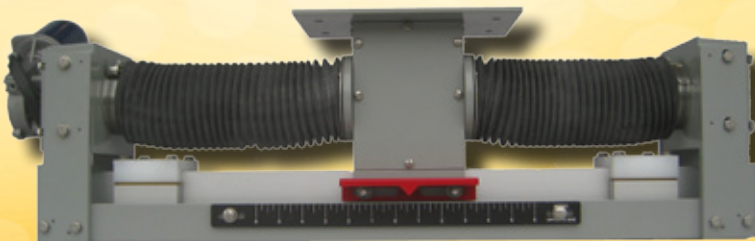

Quality Factory Accessories are specifically designed to enhance the functionality and productivity of the Rail System 4000.

TRIPOD/LASER MOUNT ASSEMBLY

- New lighter weight design with simple, field replaceable cam-style locks. Stainless on Stainless threading and Hi-Visibility Knobs allow for smoother and quicker line adjustment.

LASER CART/BUGGY

- High quality, gauge-specific carts with field replaceable wheel assemblies.

SERVO ASSEMBLY

- High quality Servo now with twice the operating speed of older systems and improved linear thread reliability.
